Dear Rabbi Dalfin:

I am most please to endorse HACHESED, whose manifold projects bring not only the necessities of life to needy families, but also, life the spirits of those who suffer. Gladdening the hearts of destitute widows and orphans is a mitzvah without parallel.

Hashem will give His blessings to all who participate in this holy work, that they may enjoy long life, good health, prosperity, and "nachas" in their loved ones.

Sincerely,

Rabbi Abraham J. Twerski, M.D.
